

The Paper Brain

Use this to keep your character's secrets in style!

Instructions

- Fold along the center line
- Cut away surplus material.
- Cut along white line.
- Fold flat as shown.
- Insert tab into "lock".

Use a PDF viewer that supports layers to access more color schemes. For detailed instructions, a video on how to make this, and why you want to, check out walkingpapercut.com/paper-brain

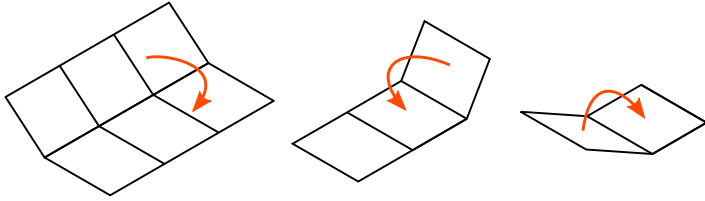

© Walking Papercut aka Dominic Bender

You're free to print out as many copies as you may need for your personal use and that of your gaming group. All other uses are prohibited.
